

drawings inspired by (some of) my favorite homestuck songs

- i dont see the soundtrack talked about much so i wanted to show my appreciation for it
- theres so many more i wanted to include but i only had so much time
- only songs from H's proper (no hiveswap, H's^2, etc)
- i didnt realize how many songs were by toby
- support the musicians
- enjoy :)

follow me on twitter, ig, youtube @_tamajikiis
